

Sarasota Plastic Surgery Center

STATE-OF-THE-ART COSMETIC PROCEDURES, SERVICES AND MEDICAL SPA.

The Sarasota Plastic Surgery Center boasts acclaimed surgeons, from left, Dr. David L. Mobley, Dr. Braun H. Graham and Dr. James H. Schmidt.

For 30 years, area residents have trusted the professionals at Sarasota Plastic Surgery Center for the very best in surgical and non-surgical cosmetic treatments.

The group's renowned surgeons, Dr. Braun H. Graham, Dr. James H. Schmidt and Dr. David L. Mobley, enjoy an unparalleled reputation for their distinguished work. Each is highly trained and certified by the American Board of Plastic Surgery. All three are members of the American Society of Plastic Surgeons and the American Society for Aesthetic Plastic Surgery. They specialize in such procedures as facelifts, eyelid surgery, body contouring, breast enhancement and liposuction.

"We pride ourselves on giving our patients dramatic, yet natural-appearing results," says Dr. Mobley.

The center's striking headquarters offers state-of-the-art surgical facilities and a state-licensed and federally certified ambulatory surgery center.

"We're acclaimed for our commitment to patient care and safety," says Dr. Schmidt. "People come to us from around the world for our wide range of expertise and high level of pre- and post-op patient care."

The practice recently opened the Sarasota Plastic Surgery Medical Spa, featuring traditional and therapeutic aesthetic treatments, including Fraxel laser for facial rejuvenation, intense pulsed light for pigmentation problems, Botox and Restylane, hair removal, spider-vein removal, permanent make-up, and a host of other services.

"In addition to facial aging, we can now effectively treat sun damage, loss of skin elasticity in hands, neck and chest area with our new Fraxel laser," says Dr. Graham. "This non-invasive laser also minimizes acne scarring and melasma."

"We're proud to be a part of this community," says Dr. Schmidt, "and look forward to many more years of fulfilling dreams and helping people achieve their optimal health and beauty."
